## References

All references to “year” refer to Anniversary Year. When it relates to Hearing Aids and Vision benefits, year refers to Benefit Year. Anniversary Year refers to the consecutive 12-month period following the effective date of your policy, and each 12-month period thereafter. Benefit Year refers to the consecutive 12-month period following the date a claim for a specific benefit is first incurred under your policy. Calendar Year means the 12-month period commencing January 1 and ending December 31.

- † Prescription drug coverage applies to costs not covered by your provincial/territorial prescription drug insurance plan, up to the maximums stated above.
- †† Prescription drug coverage is based on Calendar Year for residents of British Columbia, Saskatchewan and Quebec. For all other provinces, coverage is based on Anniversary Year. Generic Drug – A generally less expensive alternative to an interchangeable brand-name drug product. Please note: Not all drugs have a generic equivalent. If a non-generic drug is purchased, payment will be based on the lowest generic drug cost equivalent, if applicable. If no generic brand exists, payment of the brand-name price will be made at the co-payment level of your plan. Exclusions: smoking cessation drugs, over-the-counter drugs, fertility drugs, erectile dysfunction drugs, and drugs not requiring a prescription. Other exclusions apply; please consult your policy for details.
- ‡ If applicable, dental coverage begins at the age when dental coverage under your provincial/territorial health insurance plan ends. Covers basic services, paid at a percentage of the current Dental Fee Guide or the reasonable and customary charge in your province of residence.
- \* Registered specialists and therapists include acupuncturists, chiropractors, dietitians, osteopaths, podiatrists, naturopaths, chiroprodists, massage therapists, physiotherapists, psychologists, psychotherapists and speech therapists.
- \*\* TELUS Health Virtual Care, TELUS LivingWell Companion, and TELUS SmartHome Security are trademarks of TELUS Corporation, used by it and its affiliates under license. Manulife cannot guarantee the availability of this benefit indefinitely.

**For Quebec residents only:** The prescription drug coverage available under all plans is limited to costs not covered by the RAMQ Prescription Drug Insurance Plan. It is not intended to be a replacement for the RAMQ Plan. In order to be eligible for coverage under these plans, you must have a provincial health card and be registered under the RAMQ Prescription Drug Insurance Plan or have equivalent coverage under a group plan.

**Important Notice**

This is not a contract. Actual terms and conditions are detailed in the policy issued by Manulife upon final application approval. It contains important details concerning exclusions, conditions and limitations. Please review them carefully upon receipt.

**Medically Underwritten**

If the plan is “medically underwritten,” or “requires a medical questionnaire,” you must disclose to us any medical condition, injury or illness that occurred or existed on or before the date of your application, regardless of whether you went to see a doctor about the condition or were given a diagnosis, or whether or not you believe that it is important. The premium charged and/or benefits offered could be subject to adjustment or modification of coverage or declined based on your or your family’s medical background. This will be determined after an evaluation of the information provided on the enclosed medical questionnaire.

**Pre-existing Conditions**

The insurer will not pay any Emergency Travel Medical Care Benefits for any claims relating directly or indirectly to a pre-existing condition that is not stable within the consecutive nine-month period immediately preceding the date of departure from the insured’s province/territory of residence. This means any condition, injury, illness, disease or related complication in relation to which:

- an insured has had new symptoms, or existing symptoms have become more frequent or more severe, or there has been a test result showing deterioration;
- a Physician (or other medical professional) has prescribed or recommended a change in medication (the medication dosage or frequency has been reduced, increased or stopped, and/or new medication has been prescribed) taken for that condition;
- a Physician (or other medical professional) has prescribed or recommended a change in treatment for that condition; or
- there has been an admission to hospital and/or results are pending for further investigation into that condition during such nine-month period. This exclusion does not apply to minor ailments or a change in medication where the active ingredient and strength remain the same (i.e., generic).

**Effective Date of Coverage**

Coverage is effective no earlier than the first day of the month following final approval of the application and receipt of first premium payment.
